2021-03-01

Dear NeT User,

You are receiving this email because you are associated with SCHNITZER PUERTO RRCO, INC. - SALINAS located at ROAD PR-3 KM. 156.4 AGUIRRE WARD, SALINAS, PR 00751 that has administratively continued coverage under the EPA's 2015 MSGP. This email serves as a notification that EPA's new 2021 MSGP will become effective on March 1, 2021.

Once the EPA 2021 MSGP is effective, your facility will have until May 30, 2021 to submit a new Notice of Intent (NOI) using the NPDES eReporting Tool (NeT) in order to continue with your coverage under the General Permit. Failure to submit a new NOI will result in Administrative Termination of your facility's coverage after the 90-day renewal period has expired.

You can access NeT MSGP at: <https://cdxnodengn.epa.gov/net-msgp> by using your Central Data Exchange (CDX) account User ID and password, and then clicking on your NeT role (i.e. Preparer or Signatory) listed on the MyCDX home page. Instructions for creating a CDX account or resetting a password for an existing CDX account can be accessed from the login page.

After accessing NeT MSGP, select the **Renew Coverage** option in the Actions drop-down to create the NOI. Additional instructions for completing the NOI can be found at <https://epanet.zendesk.com/hc/en-us/sections/360000277168-Training-and-Supporting-Material->.
